PREAMBLE:

WHEREAS

- A. On July 1, 2018, the Province of British Columbia (the “Province”), the Government of Canada and the First Nations Education Steering Committee (“FNESC”) entered into the BC Tripartite Education Agreement (“BCTEA”). Consistent with the implementation of BCTEA, the Province and FNESC are working together to make systemic shifts to support successful educational outcomes of all First Nation students, regardless of where they live or are enrolled in school in British Columbia, through the provision of high quality and culturally relevant elementary, middle, and secondary educational programs and services, and supported by funding that is responsive to the unique needs of First Nation Students and communities.
- B. Local Education Agreements (“LEAs”) are an integral part of the delivery of educational programs and services to First Nation students attending BC Public Schools, as they are an important mechanism for building relationships between First Nation communities and boards of education and BC Public Schools to support improved First Nation student outcomes.
- C. The Province, the Government of Canada, and FNESC developed LEA Guiding Principles, pursuant to Schedule H of the BCTEA to, among other things, apply to and be incorporated substantively into this LEA to inform and guide boards of education and First Nations in implementing this LEA.
- D. Indigenous peoples have the right to establish and control their educational systems and institutions, as affirmed in the United Nations Declaration on the Rights of Indigenous Peoples (“UN Declaration”), and as an aspect of their inherent right of self-government as recognized and affirmed under section 35 of the Constitution Act, 1982.

- E. The Province enacted the Declaration on the Rights of Indigenous Peoples Act (“Declaration Act”) on November 28, 2019, the purposes of which include to affirm the application of the UN Declaration to the laws of British Columbia, and which requires the provincial government to, in consultation and cooperation with Indigenous peoples, take all measures necessary to ensure the laws of British Columbia are consistent with the UN Declaration and to develop an action plan to meet the objectives of the UN Declaration.
- F. Article 14 of the UN Declaration, affirms, inter alia, the right of Indigenous people to all levels and forms of education of the State without discrimination, and that States shall, in conjunction with Indigenous peoples, take effective measures, in order for Indigenous individuals, particularly children, including those living outside their communities, to have access, when possible, to an education in their own culture and provided in their own language.
- G. The Province released its Draft Principles that Guide the Province of British Columbia’s Relationship with Indigenous Peoples in May 2018 (“10 Principles”), which provide guidance on how representatives of the Province engage with Indigenous peoples. The preamble provides that the 10 Principles:
- “..are intended as bold statements to guide this new relationship and end the denial of Indigenous rights that have led to disempowerment and assimilationist policies and practices. The principles will assure the Province conducts itself in a way that reflects a clear shift in an often troubled relationship with Indigenous peoples to a modern government-to-government relationship that is strong, sophisticated and valued. These principles create the space needed to exercise our respective jurisdictions for the benefit of all British Columbians. We will recognize success when we know Indigenous peoples believe themselves to be self-determining, self-governing, self-sufficient and can practice their Indigenous cultural traditions and customs as an important and respected part of B.C. society.”
- H. Principle 10 of the 10 Principles reflects the Province’s recognition of the need to take a distinctions-based approach to its relationship with Indigenous peoples:
- “10. The Province of British Columbia recognizes that a distinctions-based approach is needed to ensure that the unique rights, interests and circumstances of Indigenous peoples in B.C. are acknowledged, affirmed, and implemented.
- The Province recognizes First Nations, the Métis Nation, and Inuit as the Indigenous peoples of Canada, consisting of distinct, rights-bearing communities with their own histories, including with the Crown. The work of forming renewed relationships based on the recognition of rights, respect, co-operation, and partnership must reflect the unique interests, priorities and circumstances of each people.”
- I. Application of this LEA is a step consistent with the Province's implementation of BCTEA, the UN Declaration, the 10 Principles, as well as the Truth and Reconciliation Commission of Canada’s (“TRC”) Calls to Action for reconciliation.

- J. The Nation has the authority, pursuant to the School Act (Bill 40), to require this LEA to apply to the Nation and the Board.
- K. The Nation has authority and responsibility with respect to the education of its children and youth, which includes a funding role with respect to Nations Students, and desires to ensure these children and youth all have access to and receive quality education that is safe, respectful, and reflective of their unique culture and history, that leads to successful education outcomes.
- L. The Parties agree that the Board, district staff, principals, vice-principals, teachers, and all other staff in the School District have a central and important role in delivering quality education programs and services for the implementation of an effective LEA.
- M. This LEA sets out measures for a relationship between the Parties to support Nation Member Students, as well as terms and conditions regarding the purchase of educational programs and services by the Nation from the Board for the Nations Students.

THEREFORE the Parties are responsible as follows:

1.0 PURPOSE

- i) The standards set by the United Nations Declaration on the rights of Indigenous Peoples apply to First Nations education.

5.0 DOGWOOD DIPLOMA AND GRADUATION

Given the overrepresentation of Indigenous students in Alternate Programs, and to counter the "racism of low expectations" reported by then Auditor General in the 2015 report "An Audit of the Education of Aboriginal Students in the B.C. Public School System," the Board will actively encourage and support Nation Member Students to achieve a Dogwood Diploma with 80 credits, rather than an Adult Dogwood or Evergreen (School Completion) Certificate, and will ensure that the intentional or unintentional streaming or marginalization of Nation Member Students is not tolerated.

For greater clarity, the Board will ensure the intentional or unintentional streaming or marginalization of the Nation's students is not tolerated and that all students are on an educational pathway that leads to graduation with a Dogwood Diploma and a full range of opportunities, such as training, post-secondary education, and employment.

- 5.1 The Board and the Nation will work with parents and guardians to monitor the progress of each Nation member student, identify, and implement intervention supports to assist the Nations students to reach grade level, where necessary, collaboratively make decisions about any adjustments to the level of a student's educational program and make those adjustments but only where the informed consent in writing has been obtained.
- 5.2 The Board will provide parents with prior information about the implications of receiving a Dogwood Diploma as compared with an Adult Dogwood and Evergreen (School Leaving) Certificate all of which can be found in the Indigenous Grad Profile Booklet.

- 5.3 The Nation will inform their Nation Member students of their Songhees Nation Education Policy.
- 5.4 The decision to enroll a Nation Student in an educational program that leads to an Evergreen (School Completion) Certificate must include the prior Informed Consent of the Parent, and should not be made before:
- a) all relevant adaptations, supports and services have been tried and are insufficient to meet the Nation Student's needs on a Dogwood pathway; and
 - b) the calendar year the Nation Student is expected to enter Grade 10; and
 - c) there is confirmation:
 - i. by a certified school psychologist or a registered psychologist of a diagnosed intellectual disability accompanied by significant limitations in adaptive functioning that prevents the Nation Student from meeting the requirements for either the Dogwood Diploma or the Adult Dogwood; or
 - ii. of a complex profile that incorporates evidence from a variety of sources (e.g., medical diagnosis, assessments, IEP, etc.) that prevents the Nation Student from meeting the requirements for either the Dogwood Diploma or the Adult Dogwood, including documentation from a certified school psychologist or registered psychologist outlining the reason why a diagnosis of an intellectual disability accompanied by significant limitations in adaptive functioning could not be made.
- 5.5 The Board will ensure that Parents of a Nation Student are advised in writing:
- a) of their right to request a change to the placement of their child on an Evergreen (School Completion) Certificate path;
 - b) that if the Parent wishes to request a change in a placement of their child on an Evergreen (School Completion) Certificate path, they may file such a request in accordance with applicable Board bylaws, policies or procedures; and
 - c) that, upon request, the Parent will be provided support from the Board in understanding and navigating the process to request a change in placement of their child on an Evergreen (School Completion) Certificate path from the Board.
 - d) that they can request the support of the Nation at anytime throughout this process
- 5.6 The Board will ensure there is appropriate and early counselling support for career and postsecondary education planning available to Nation Member Students.

6.0 MEETING THE NEEDS OF STUDENTS WITH DISABILITIES AND DIVERSE ABILITIES

- 6.1 In cases where a student is recognized as having additional needs, supports and services will be offered to help the child reach their full potential. These additional supports and services may include, but are not limited to, Speech-Language Therapy, Occupational or Physical Therapy, targeted interventions, etc.
- 6.2 Where a Nation Student has been identified as having a disability or diverse ability, the Board will require that the Nation Student's needs are identified in a timely manner.
- 6.3 The Board will work with the Nation to identify and remove barriers to Nation Students with disabilities or diverse abilities obtaining an education that is appropriate to their needs and provided in the general education setting.
- 6.4 Given the overrepresentation of Indigenous students in all Ministry inclusive education funding categories, as those categories are defined in Ministry inclusive education policy, except the Gifted category, the Board will annually review with the Nation the number of Nation Students designated in each of these categories.
- 6.5 In particular, the Board and the Nation will jointly review each year the number of Nation Students who are designated in either the Intensive Behaviour Interventions or Serious Mental Illness (H) or Moderate Behaviour Supports or Mental Illness (R) inclusive education funding categories, what supports those Nation Students with designations receive, and the duration of those designations.
- 6.6 The Board will also report to the Nation the aggregate services provided by the Board to Nation Students who have disabilities and diverse abilities, whether or not those Nation Students have an Individual Education Plan.
- 6.7 The Board will ensure that Parents of a Nation Student are advised in writing and provided the opportunity to be consulted on the designation of their child in an inclusive education funding category.

Student Assessments

- 6.8 The Board will ensure schools communicate and collaborate with the Nation and parents/guardians in an informal way to develop a holistic understanding of the student's strengths and needs.
- 6.9 In order to ensure that Nation Students who may have disabilities and diverse abilities are appropriately assessed and supported, the Board will ensure Schools:

- a) work with the Nation to jointly review and determine meaningful and transparent ongoing processes for informal assessments of Nation Students to identify those who may require more formal extended assessments (e.g., psycho-educational, behavioral, speech and language, orientation and mobility) to better understand the strengths and needs of those students, and work with Parents to implement those processes; and
 - b) work with the Nation to jointly review and determine the criteria and processes used for the identification of kindergarten Nation Students who may require additional supports or services, recognizing that early identification is necessary to promote student success.
- 6.10 In cases where a Nation's student is recognized as having additional support needs that may require more advanced assessments, (either when an assessment has not yet been completed or an additional or updated assessment would be beneficial), the Board will ensure there is a timely assessment to determine the Nation Student's support and service needs, subject to obtaining the Informed Consent of the Parent.
- 6.11 In cases where a Nation student has undergone an advanced assessment, such as a psycho-educational assessment, the results of the assessment and the plan to provide additional supports and services will be discussed with the Nation and parents/guardians,
 - a) with written consent of the Parent or the Nation Student:
 - i. any other persons requested by the Parent or the Nation Student, as applicable.

Individual Education Plans

- 6.12 An IEP will be developed for a Nation Student who is identified as having disabilities and diverse abilities, and best efforts will always be made to obtain the prior Informed Consent of the Parent. The goal of the IEP is to build successful learners and fade dependence of supports, as appropriate, over time.
- 6.13 The Board will provide a Nation Student's Parent the opportunity to meaningfully consult and collaborate on:
 - a) the development of an IEP in relation to the student; and
 - b) changes to the student's educational program, including the addition of supplemental or individualized learning goals, as outlined in their IEP, or the support measures being provided to their child.
 - c) the parents and/or guardians can request the support of the Nation at anytime throughout this process
- 6.14 In the event that the Nation Student's Parent declines to be involved in the development of an IEP:
 - a) the Board will continue with the development of an IEP to ensure that the Nation Student's needs are fully met; and

- b) the Parent may designate another person to participate in the development of an IEP on their behalf.
- 6.15 The Board will ensure a Nation Student is aware of and has the opportunity to take an active role in the development of their IEP to the extent that the Nation Student's developmental level and ability permit.
- 6.16 The Board will ensure that learning goals identified in a Nation Student's IEP will be developed with high and appropriate expectations for achievement.
- 6.17 The Board will ensure the School implements the support services outlined in a Nation Student's IEP.
- 6.18 The Board will ensure that a Nation Student's IEP is reviewed at least once each School Year following the year it is developed, with the involvement of the Parent or a designate, as the case may be.
- 6.19 The Board will ensure the Nation Student's Parent or the Parent's designate, as the case may be, has the opportunity to meaningfully provide input into the update, revision or conclusion of the IEP, where it is determined that an update, revision, or conclusion of an IEP is appropriate.
- 6.20 The Board will ensure that the progress of a Nation Student who is designated in either the Intensive Behaviour Interventions or Serious Mental Illness (H) or Moderate Behaviour Supports or Mental Illness (R) inclusive education funding categories, as those categories are defined in Ministry inclusive education policy, will be closely monitored to determine when interventions and an IEP are no longer needed for the Nation Student.
- 6.21 The Board will ensure that Nation Student Parents receive progress reports in accordance with the schedule outlined in the Learning Update Order and that, for Nation Students whose learning is supported with individualized learning goals, as outlined in their IEP, progress reporting to Parents will be in relation to the Nation Student's individual goals as laid out in their IEP.

Transfers

- 6.22 Student assessments and IEPs for Nation Students with disabilities and diverse abilities will be recognized and used as part of the transition and planning process if those Nation Students transfer between schools within the district, First Nation Schools and out of district schools.

7.0 CHILDREN AND YOUTH IN CARE

- 7.1 The Board will ensure appropriate staff are designated to be responsible for maintaining communications with the Nation regarding Children and Youth in Care who are Nation Member Students.
- 7.2 The Board will make best efforts to identify Children and Youth in Care who are Nation Member Students, and will ensure appropriate learning plans and supports are developed and implemented for those students to improve their educational outcomes.

- 7.3 For greater certainty, the Board will liaise with the Nation, the Ministry of Children and Family Development and/or other relevant agencies to identify Children and Youth in Care who are Nation Member Students, and coordinate services and supports for those students to improve their educational outcomes including, but not limited to, actively encouraging and supporting those students to achieve a Dogwood Diploma.
- 7.4 The Parties will make best efforts to work with relevant agencies to ensure appropriate supports are implemented to assist Children and Youth in Care who are Nation Member Students.

8.0 STUDENT CONDUCT & SAFETY

Expectations for Nation Student conduct shall be in accordance with the School Act and Regulations, the code of conduct for each school as approved by the Board, and the appeals bylaws, Policies, Regulations, and/or procedures of the board, with due consideration given to any recommendations on policy provided by the Nation.

The Board acknowledges the Community Tripartite Agreement on First Nations Community Policing Services between Public Safety Canada, Songhees Nation and the RCMP. The presence of an Indigenous RCMP Liaison in the Nation's family of schools provides cultural safety and support for Nation Member Students, as well as an opportunity to share cultural knowledge and awareness with the broader school community. The Liaison has developed longstanding relationships and trust with the Nation, and families feel safer with their consistent presence in the schools and in the community.

- 8.1 The Board, will share any policies, practices and other appropriate measures that are in place to support a safe learning environment, including safety from racism (perpetuated by students or staff), discrimination, indifference, bias, marginalization, bullying and stereotyping for all students attending Schools operated by the Board. Any change in policies, practices, codes of conducts and other measures that may impact Nation Member Student safety, the Board will consult with the Nation during the amendment process.
